

## **Political lobbying and donations**

Go-Ahead has no allegiance to any particular political party. We do not make political donations and no company within the Group is permitted to make political contributions. Go-Ahead's funds, property or equipment are not used to fund any political party or political candidate.

Go-Ahead, however, considers it is acceptable to express views on particular matters of policy without declaring support for any particular political party. In addition, Go-Ahead will participate in policy debates it considers to be relevant.

The Group seeks to be open about any non-financial lobbying activities it undertakes.
